

WELCOME TO YOUR DOG'S
PRACTICE CARE PLAN

 **my pets vets**
your pets choice

Our plan allows you to spread the cost of your pet's annual preventative health needs throughout the year ensuring they receive the essential treatments they need whilst offering you substantial savings.

We believe that our care plan is a great compliment to pet insurance (which provides financial insurance in the event of unexpected illness or accident).

This booklet highlights the treatments, products and services included in your Pet's Care Plan for the next 12 months. Please bring it with you each time you visit the practice to allow us to keep it up to date for you.

Caroline and Lloyd

A member of our veterinary or nursing team will be able to advise you on the best flea and worming treatments and protocols for your individual pet based on their lifestyle.

In addition, your Pet Care Plan entitles you to:

- **10% OFF DENTALS**
- **10% OFF CONSULTATIONS**
- **10% OFF NEUTERING**
- **10% OFF PASSPORT CERTIFICATION**
- **10% OFF LASER THERAPY**
- **10% OFF MY PETS VETS FOOD**
- **10% OFF OUT OF HOURS SURCHARGES**

Your pet's annual entitlement expires after 12 months. Your Pet's Care Plan will automatically renew after this time unless you choose to cancel it (we hope you don't).
